INTRODUCTION TO CURVES

DUAL MAGNETIC CURVE TRACKS

INDEX CURVES GO TO:

50010a Index magnetic curves

50010b Index curve and straight track for tab

SYSTEMPLAST OFFERS A COMPLETE RANGE OF CURVES AND STRAIGHT TRACKS, DESIGNED FOR ALL POSSIBLE CONVEYOR APPLICATIONS. BELOW A BRIEF OVERVIEW OF THE VARIOUS CHARACTERISTICS.

BEVEL:

TAB:

MAGNETIC:

Magnetic system with metal strip: "EXTRA" curves

System Plast has developed a magnetic curve retention system for dry-running applications.

The system, sets new performance standards in magnet curve technology due to the inclusion of a unique metal strip mounted in the inside bearing face of the top section. This area is constantly under load due to the pressure/speed factor.

Main advantages:

- Extreme dissipation of heat significantly reduces wear.
- Under test conditions, lowest noise decibel levels were recorded.
- "Extra" curves are strongly recommended with plastic chains only!

COMPARISON OF CURVE SYSTEMS:

	BEVEL	TAB	MAGNETIC
Secure chain retention:	+	+++	++
Support in return part:	-	+	+
Chain can be lifted for cleaning:	+	-	+++
Jamming due to foreign particles:	+	-	++

Design and functionality:

Dual Magnetic System curves have the magnets positioned on the outside of the centre line radius of each track which results in a more effective magnetic field through the curve.

SPECIAL CURVES FOR DRY RUNNING APPLICATIONS

Nolu®-S material is a unique compound of UHMWPE and a solid lubricant. It drastically reduces the coefficient of friction, maintaining the characteristics of UHMWPE. Nolu-S has a better thermal conductivity compared with UHMWPE.

Benefits and features

- Nolu-S makes very high speeds possible, especially when running dry.
- Nolu-S has an extremely low coefficient of friction.
- Nolu-S reduces noise and squeaking.
- Nolu-S reduces chain pull.
- Nolu-S extends the life of the chain.
- Nolu-S does not damage and scratch the surface of PET.
- Nolu-S reduces the consumption of energy.
- Nolu-S is a UHMWPE with a solid lubricant.

INDEX WEAR STRIPS

www.SystemPlastSmartGuide.com

STANDARD MATERIAL: UHMWPE

This ultra high molecular weight material is the choice for a wide variety of applications. The low friction characteristics of UHMW allow chains and containers to move at high speed with minimum drag and noise as well as minimum container damage.

NOLU®-S

Nolu-S is a blend of UHMW and other dry lubricants that maintain good wear characteristics while significantly reducing coefficients of friction. Its unique self lubricating properties make it ideal for applications requiring reduced friction, noise reduction and higher dry-running speeds.

BENEFITS:

- Low friction
- High wear resistance
- High temperature resistance

BENEFITS:

- Extends the life of mating surfaces
- Lowers mating surface scratching or damage
- Reduces energy consumption
- Minimizes product pulsation on conveyors
- Low noise operation

APPLICATION CONSIDERATIONS

The proper selection and application of power transmission products and components, including the related area of product safety, is the responsibility of the customer. Operating and performance requirements and potential associated issues will vary appreciably depending upon the use and application of such products and components. The scope of the technical and application information included in this publication is necessarily limited. Unusual operating environments and conditions, lubrication requirements, loading supports, and other factors can materially affect the application and operating results of the products and components and the customer should carefully review its requirements. Any technical advice or review furnished by Regal Beloit America, Inc. and its affiliates with respect to the use of products and components is given in good faith and without charge, and Regal assumes no obligation or liability for the advice given, or results obtained, all such advice and review being given and accepted at customer's risk.

For a copy of our Standard Terms and Conditions of Sale, Disclaimers of Warranty, Limitation of Liability and Remedy, please contact Customer Service at 1-800-626-2120. These terms and conditions of sale, disclaimers and limitations of liability apply to any person who may buy, acquire or use a Regal Beloit America Inc. product referred to herein, including any person who buys from a licensed distributor of these branded products.
